

## COOL

The mission of COOL is to give comprehensive assistance to families in need, by reducing hunger and homelessness, while encouraging personal growth and self-sufficiency. Serving all of Lake County.

### COOL Food Pantry

COOL was formed as a not-for-profit corporation in 1982; the food pantry opened its doors in January of 1983. Four days of emergency food is provided monthly, as needed, to people who supply a photo ID.

The pantry has two locations. COOL East is located at 800 W Glen Flora Ave, Waukegan and is open five days a week; Monday thru Friday from 10am-2pm. COOL West is located within Trinity Lutheran Church, Ingleside, and is open Monday 11am-3pm and Wednesday 10am-2pm. Both locations are also open one Saturday each month 10am-noon.

### COOL Transitional Housing

The Transitional Housing Program has been in operation since 1988 and is designed for families (single parents or two-parent households) who have found themselves homeless without resources. While in the program, guest families work closely with a case manager to not only enhance their education and training, but they also learn to budget, save money, gain life skills, obtain better employment, receive counseling and explore personal and spiritual growth. The program is designed so that guest families will exit the program able to remain self-sufficient.

The Annual Golf Outing provides funding needed to help COOL with the important work of Feeding the Hungry and Housing the Homeless. Last year COOL provided food to 61,354 individuals and Housing for 19 families including 44 children!
